

Dear Bhaijis.

Kali Mat
Monday - 17th

Thanks for lovely letter and script.
We are busy: body karm yogis
with guests and a collapsed wall of
boundary - - but we hasten to return
to you your excellent script with
our himalayan blessing - so that
ye can send it of to friends
abroad - They will enjoy it - we
like the feeling tone and simple
clarity: - concise yet comprehensive
It is a vast canvas - and many
of the names and movements, some
remain names - as it would take
volumes to deal with cause and
effect - a new movement is usually
bubbling up as anti - something stiffer
dead - or obsolete - or a reaction
to some excess or abuse - - Wm!
Your paper is excellent - write more
when the call and the leisure are there
send us a copy if one is to be spared -

— mentioning the bodhi yanas
you seem to have omitted Hinayana
the wheel or vehicle that moves or
carries - Ceylon, Burma and parts of
South East Asia. Vajrayana is the
Tibetan-magical form of Mahayana
— but often mentioned as a separate
Yana. It is perhaps the most of names
and is enduring a great test nowadays.

Did ye come to Almora in body?
Did ye get our letters? If you still
have the negative of gum ^{Chiji's} Co
you may send it some time.

We hope sister rain has fallen
upon you, to cool off the air.
Here it rains a little every day
but we have sunny intervals
and Surya is very powerful making
plants and tree-friends grow and swell
at joyous ease. — We are painting
the new baby cover new hat — inside.

Best wishes to you all. Kripa Karna
& Ananda from Dohin Bhai in Surya.
