

Dear Bhasji

Kali Mat.

Almora. U.P.

We send you Himalayan grace on your task, or parashka karma in the Maya: Sita Self-interplay, hoping that all your bodies are well in harmonious co-operation in all circumstances and all instances - Arose the Whole, or Holis in the part-play - says Wiji. We often think of you to you - and you seem very near in the time free Himalayan Heaven - Heaven is Eternity. Mark well my rhyme: Hell is but everlasting time. We must aware, intuit and live Eternity in Time.

We write very little as our Viking Rhime are not easily decipherable to civilised and respectable folks. Also we realise how little the chattering mind, the willful egoist can ever comprehend the profound and limitless wonders of this universe, of this our life. The true perception, or integral awareness, is non-verbal and intuitive.

Grace and Gratitude from  
Viking Bhasi in Surrya.
