

Greetings from Sri Himalaya -

We have safely returned to cave marks  
after two months gay gallivanting among  
lovable plain-eggs in Delhi and Panjab  
The civilised jungle is noisy and dis-eased  
but all our bodies kept well - rosy and  
radiant and free in all the asuric play.  
In fact bodyi slept better in the asuric  
home than in our so-called satvic  
sanctuary - Bodyji is now 80 years young  
but the age-free mind free Wiji cannot  
remember if it be 18 or 80, so he  
mumbles about another Europe visit - and  
gives due warning also to Yarkhestan and  
Bhagavan Sri Dollan of His august Darshan  
Did "Yarrowstalks" come upon you? It's a  
hippie magazine printed in Denmark,  
(in English) by Yarkheguy, Brian at KA  
Very good and very flattering to Wiji and  
the other inmates of our cracky ridge

2  
Brian and Linda were here and we intro-  
-duced them to KA in Viking land. KA writes  
excellent vedantic poetry and aphorisms  
Same Govinda's 'Rhythm of Life' is there in  
the magazine and psychedelic painting by  
Patricia van Ingen - who is by our inmate  
in Wm Vikare. An excellent portrait of  
Romana Maharshi who is invisible  
inmate here and understands all cir-  
cumstances. Surya portrait back stands  
it all Wm language dominates - Wm!  
So there are hippies and ex-hippies -  
bunkman ship and god man's ship.  
The word free Wiji barks at our local  
hippies - but he does not bite or sting.  
Voila - the sacrifice - in Surya Sanctuary  
In Karuna cottage was Frank and Gloria  
(Ex hippies) but had left for Romana Maharshi  
and Anumchala for a few weeks, leaving  
their things under good German locks.  
So Sri Bhagavan was only chokh'dar here  
and also parivalla filling up our tanks  
from nearby heaven. When we returned  
last week we found the gate unknocked  
and door unknocked open (all had been so  
for some weeks)

3 What had been stolen we shall not  
know till Frank's Gloria - will return  
Of our own loaned things. Oil stove, utensils  
and 6 precious books are missing (Our  
local criminals do not steal books - )  
Our own W. Dihara gate was also  
smashed to bits and Hariya kitchen  
door had been forced open and the  
place made a Hippie scene for some  
days and nights - Only Hariya's good axe  
and utensils seen missing - but the  
taps on 3 water tanks had been  
left open - so that Bhogavans winter  
rainwater had wasted itself in pure spite  
no not our local criminal this time -  
Dhan Singh (choukidar next house) saw  
Christopher Westgate and one other large  
hard Hippie's smash in the gates -  
we are used to the local burglars and  
also to the inflictions and intrusions  
of wilful destructions from the vicar's  
top - being about (remember the vibrations  
from the love love "man's"!) Now  
it is the Hippie's invasion, war!

4 we had befriended Chris last year  
and sheltered his body during 2 weeks,  
and had given him Rs 100 for fare to  
south India. So somehow we must  
be punished or can you explain the  
hippie psychology? Sri Wiji opines  
that the trouble in this naturally anaes-  
-ful world is the human, mortal  
egoism but we remind the irate  
wholesaler that Himself (or God) -  
understands every hippieji and every  
changing form. Only egoism ~~and~~  
evoked and provoked by ego-lust and  
ego-fuss. Only egoism can swell, hurt  
or resentful or take offence. The Real  
is never hurt or injured. It does not  
accept insults - I tell Sri Wiji's bark  
w n and w n had a He's a Ho's nisse.

But Sri Wholesaler sends you his  
Himalaya Love. "So I AM - always  
with you - so Be of good cheer -  
wherever your body is for you are here  
in the Himalaya Guba. So Himalaya  
Blessing on all your doing, and being -  
Be amandaful and graceful in the full  
Swadharna and prarabha Karma. It is Swahila
