ALMORA, U.P.

Dear Sharpa:

Best wishes for health and joy in winter life - awareness, Vikram Bhan

Again a greeting of good cheer from Himalaya - Almora, where all rivers are Ganges - also those in turbulent flood - and the Real Ganga is within our self - We have read through, also, the second part of your handwritten M.S. and enjoyed going with you in seriousness and affectionate mood - You have enjoyed letting the words and feelings bubble up - and in such good English, or well chosen words - We hope it will be appreciated by a larger public - When Sri. Sri Krishna Prem was writing "The Yoke of the Katha-Deponed" we remember asking him "Why do we write?" and his answer was "We write to our self - - - and then we have to clear up the mess -" and a lot of mess there is, with some of us. re-writing, correcting, typing etc. - But something wants to be expressed through us - and we may enjoy it. without expecting to share it or be remembered.

or overheard - a few do <sup>invented</sup>  
Em Silent Awareness - We may  
send you a copy of Albert's letters to  
us - He is a translator of books and  
had a retentive death-experience  
last year - and a rich vocabulary  
of word-symbols, in which he expresses  
the indescribable, the ineffable  
Reality, that we are - We do  
not happen to meet your son in  
Almora and do not know the name  
of your in laws - So please  
write in their name and address  
so that we can bring you  
previous M S, back to them -  
as we are sure they will be  
soiled or damaged in our damp  
sanctuary - It's also with borrowed  
books and things, we return them  
quickly, as they usually mean  
much to others - and we cannot  
replace them if they come to grief -  
We are ~~lovely~~ quiet at present. 4 people  
types, ~~under~~ conditions of drug addicts,  
have left. 2 Germans for their old shelter  
a Delhi prison - and 2 for Europe. A German  
girl was raped one evening near Kalsi - next  
and has left for Nepal. English John is  
still here a total drug-wreck - etc.

and remember as the The Sanctuary - etc.
