

Dear Bharat Brethren

Mill Valley
Sept 1987.

Sri Wuji has peremptory bidden us write to Sri Rajeshji a long letter of good cheer and good advice in his creative, but rather erratic being and doings in Sma Lila's Selo: interplay here in Yankeeistan. We strongly protested that Bhagwans need not commune in mere word-play; -- but the integral wholeness -- insisted in loud *Wu! Wu! Wu!*: "Give the divine fellow a piece of your no-mind - Wu and Wu-ha da Hömisse in 'Wuness'."

Yes, Sri Wuji made such din on the Shunya Silence, that we had to comply - and conform. - and, also now, to send a copy to the few, who awarely understand - and even, may be, to some bodies, who merely think they overstand or understand Wuji in Wuness.

Yes, Sri Wuji seems to be a droll and, at times, impish Hömisse but really & usually we have to forgive and forget his frolicsome antics in Sma Lila - Sma Dharma - Sma Darshan: Really and truly - he never - ever engage in any unhimalayan activities within sahaja Wuness.

Karuna Love, Grace and Gratitude -
Em man u Ek Viking bhai in Shunya realm.

Grazia per tutto.
