

Dear Bhaiji Radhey Shyam, California June 1948

Greeting from the Far West to you in the  
Middle East - here we are some 12,000 miles  
from you and South Himalaya, yet in the inner  
space; our friends in Bharat seem quite near  
- nearer than hands and feet. They are  
safe in the spacious Hridaya Gufa in  
affectionate and grateful awareness. We  
when we glide time freely and ego freely in  
the pure Krishna: blue akasha above the sea  
of clouds, we are beyond local time and ego =  
firs - and can empathise with astronaut  
Armstrong, when he awoke "our" earthly, spinning  
globe, as no bigger than a pebble, floating in  
space some few million miles away - and also  
where our Sun was radiating as usual some  
90 million miles distant. Yet our intuitive Self  
understands it all. It is the within that is also  
beyond - and "tat tvam asi": the timefree grace  
of Reality is always with us. Egoies need not  
feel lonely: our Self is always here. We!  
Awareness is all. The Self-aware, Christ-  
conscious Jesus could truly experience and say  
"I AM the Tao Way, the Reality truth and the  
Eternal Life", and to us. So I AM - always with  
you. So Be of good cheer. "The Source and I are  
one" - a non-dual One. Ananda - grace is  
our Real Nature and it radiates from Being -  
Awareness. Satchidananda: Tat tvam asi.

So we make no plan or program. THE  
Plan is there and we fit in, accept and rejoice,  
and here and enjoy. In retrospect we may aware  
the why and the wherefore and the All Rightness.

Returning to Calif, we may be pushed or pulled  
to San Diego, Hawaii or - Vancouver like  
in 1974 - all in delightful uncertainty and  
joyous ease. Vasantada will be our host in  
Chicago - see tells us that Dick Brown got 30  
sets of "I AM THAT" and that ~~books~~ they were sold  
out in two days. So Sri Wiji feels that small  
Chicago is ripe and ready for a second, modern  
Dharm raid. and Wei Wei Wei Being awareness.  
Lama Govinda and Sri continue to be our near  
neighbors in Mill Valley, as in India during 20 years.  
We celebrated his body's 80th birthday-anniversary  
last month (a Vihis body can only be 7 years young -  
says scientist Wiji). Govinda is well except for brisk  
walking. Sri is not well, but you have all their  
news directly and will hopefully have their bodies  
also <sup>in</sup> Himalaya... Many other friends, who have  
been to Cranberry ridge, and have been contaminated,  
are here: Brian Zahn, Alan Marlone, Alan Nichol,  
and Michael Krueger are here. Ka Kaveria and Lina,  
Darshan Singh, Jivendar Jain and Katherine in their  
baby Karina, come to our meeting, and there are devotees  
of Sri Ananda Mayee Ma: Ram, Madhavan and Narayan,  
whose American names are not known to us. So East  
and West meet or merge in unity and transformation  
on the new intuitive race of fellow-pilgrims in  
Eternity emerge more and more especially on our  
lovely, little globe. In the death-throes of  
the 1st - eared civilisation there is also birth:  
Life is and remains radiantly and "Tot Tuam asi" Wiji.

We trust you are in the best of your health going and greet: ever yours,  
Gore and Gauthier from Vihing Sri Ananda Mayee Ma's Sri Ram's Sri
