

California 1981 - July -

Dear Bhaiji

Again a joyous greeting from the Far West
Yankee States where your 90 years young Viking Bhai
in city ashram is magnetically conquering hearts at
joyous ease and in delightful uncertainty.
The Alan Watts Society is dissolving - The boat home
where we used to have our weekly Sat sangs - is sold
and about to be towed away; so we have our small
group meeting elsewhere in Sausalito. Note new
address of Phelps. 43 Woodside Lane, Mill Valley,
Calif. 94941. U.S.A. Betty is indisposed for
typing and so we send you our general letter about
our recent Viking sail on Chicago - trusting all
is well with you and yours in Bharat. realm.
The greatest news from here is that your Poona
Bhagwan Rajneesh has invaded our realm -
and is buying land here for a large Buddhafield
Commune fertile for growing Buddhas, Gnanis and
Mahe Atmajiis. There is a great influx of energy
and magnetic charisma. Herb is now Paramhansa -
Linda is Ma Ananda Gates and Tom is Swami Prem
Akash. Betty also has applied - and San Francisco is
turning Red - though not in the communist sense,
There are communing communers say Waji,
Millions of Bhagwan Sri Dollars have been paid as
taken money - and more millions will be paid
in the final payment for the land - Waji, he'da! says
Waji - But we will survive and enjoy the Siva Lila
next week end we are invited to a commune dance by
Swami Kriyananda whom we met in Delhi one cold season
at Jagananda's sat sang, and also with Purusottama and
Vashita guru. So the new race is flourishing
Karuna Love Grace and gratitude from Viking Bhai
Em man n El in Shunya - and Sri Waji.

Sunya-Love needs no reciprocity, requital and no recognition. It is Self-Love and just IS. Wuji is very Selfish - but not egoistical -. He says: "Don't give your love: Radiate it like the Sun -, and egoies may vanish like shadows in the Self Sun." Once you drop egoji, you don't lose anything, - you only lose a disease - - -. In God we, as egoies, live and move and have our being. If you aware rightly, intuitively and integrally, you will aware God-Self now here - and - every where. You will aware your Self in all forms. There is Karuna-Love with the universal Self, but for awareness you need clear senses -, purified senses. The intuitive Light reveals Reality. Re-learn the sensuous language, which we lose touch with in the civilised jungle, but can regain in Self-culture. Psychologists say that by the age of seven stupidity starts, but scientist Wuji says it starts near the age of four, but by the seventh year it is very apparent. Universal "headucation" has been a calamity. "Education, television and the press media have been a tragedy.

Things happen and don't affect Wuji this way or that. He has no longer any plan - and no style to impress in spontaneous living. He lets things happen and he enjoys the beautiful differences. It is Swa Lila. Why criticise - and judge God's handiwork? THE Plan is there and Sri Wuji fits in at joyous ease and in delightful uncertainty. There is no regret, no frustration and no repentance: No sin-complex, no ideologies -, no inordinate desire -, no lust. When the mind is dissolved, the energy that ~~we~~ involved in the mind, becomes Karuna Love. It is Self-originated - and so are YOU. Wu!

The world that you are seeing has never been there!. It only appears so. Just as ~~in~~ a dream arises from nowhere and disappears back in nowhere, so is this world. This world of appearance has from the very beginning never come to BE. "From the very beginning no thing is." Just like a ripple on a silent lake. And the ripple disappears. You cannot catch hold of a ripple. Just like a thought-wave, just like a vibration. The world is a dream - and the dreamer is also a dream. When the dream and the dreamer disappear -, then there is no-mind -: the two O o disappear into each other - - -.

Things happen and don't affect us this way or that, says Sri Wuji: I have no longer any problems or any plans. I have no style to impress -, no axe to grind, - no sore thumb, and no grade to make. I live spontaneously. What so ever happens, happens and I have no judgement, no desire that it should be different. All is right that seems most wrong - to egoies. Awaken to aware the Divine All-Rightness, the unbroken perfection that is in and over all. It is God, your Self, THE SELF that happens all the eternal while. Awaken to aware that you ARE enlightened and have ever been so -. Light - Love and Divine Life: Tat twam asi -. Re - member your Self. Aware that you have never really been dis-membered. There is no Real division in the Individuum. The individual is a due projection of the Self-originated O.

Gurdjieff's work goes deeper than J. Krishnamurti's. He calls it Self-remembering. The Self-Being, Sat chit ananda, is enlightened into Self-radiant - Self awareness - in Grace.
