

your lovely greeting has at last found us, Wuji and
ally, here by the peaceful shores of the Pacific
ocean. On intuitive wings we set the Viking-body
be kidnapped from Sri Lanka to this other side
of our little, spinning globe, in 1978, and here we are
still at joyous ease and in delightful uncertainty
at 90 years young. The well Viking-body seems as
age-free, ego-free and mind-free as ever. Vikings never
say die, as they are in Valhalla here in the Eternal Now.

On the 25th of April we are due and ready for a fourth
fierce Viking-raid on Swell Chicago. During our march
we will conquer that terrible City. We shall miss
our Tree-friend & the ocean - and the new race here,
as, in Chicago, we will be cooped up midway to
heaven in a sky-scraper (13. Daj) but, between other
scraper, we have from there a glimpse of the sea-like
lake, which stretches itself into Canada. We can take
evening-walks along the shores and there are lovable
egories around us: black, brown, pink-grey, heavy red
and deadly white. Our host, Arvind Vasovada, is a
jinyean psycho-therapist, 10 years in private practice
here. There are group-healings and private clients -
and we have Sat Sang every Friday evening. Here
in California friends make Sanyaji talk once a
week, at the Vallejo Boat-home of the late Alan Watt.
Just spontaneous response to ego-questions and in
complete ignorance of the not quite All-Mighty
Bhagavan Sri Doller. Sri Wuji says that the powerful
fellow has a nasty straight tail. Wu ha da!
There are many Rajneesh sannyasis here and two
friends, Herb and Albert, have been "christened" by the
Poona Bhagavan: Param Hansa and Anand Raj.

Robert had suffered a physical back and also a psychical storm & now very withdrawn & by Rajneesh's

Sri Rajneesh in Poona and his argadatta Maharaj in Bombay are excellent midwives for the new race that is being born more and more speeding on earth - and specially here on the Far West - west coast - here we have Samadhi tanks for instant Samadhi rebirthing techniques and many kinds of meditation seminars and growth-workshops. There are many ~~gods~~ masters like W.E., R.D. and B.F. Indian Yogis, Swamis, Babas and gurus begin to swarm - and there are saintly grace-aware spirits do not come from Bharat. to the affluent west to commercialize their Being-Awareness (Satchitananda). They are Himalayan Bharat-Wallas. But we have fertile Buddha-fields in which our inherent Buddha-nature can sprout and grow, unfold and blossom. The indwelling Em-man-u-El can re-awaken into mature-conscious Self-Awareness or aware inner-seeing, the impish, but graceful, Wuji says - "More understanding or overstanding, more knowledge and learned ignorance - and more happiness." He inner-stands, and seems to be age-free, mind free, ego-free, time-free, goal-free, hope-free, problem-free, fear-free, desire-free and, of course, god-free and death free, free in tools and concepts, free in life because he is Life. He says: Their art Thy Self the object of thy search. Ego oblivion is Self-awareness. The Source and I are a non-dual One and thou art a red-body and a red-thing - mess - Wm!

Wonders of the program: May abundance of eschizophrenia? Or is it a self?

There was recently a Sunya-Splash in Danish "Politiken" and Sri Wuji commented: "What Paul says about Peter tells us more about Paul than about Peterji." and I do not expect that our highly Duckling be acclaimed a Param Hans Swan - in a chicken yard or in a duck-pond & why! Sri Wuji has invited Margaret of Denmark and also the Empress of India, Indira-behica to Darshan in October 1990!
